BERGEN COUNTY
- Mission Statement -

The County of Bergen is committed to providing vital programs and resources to all County residents, taking care of our most vulnerable, embracing our diversity - inclusive of all unique abilities - and protecting our rich heritage. In partnership with our communities and citizens, the County of Bergen is committed to delivering fiscally responsible services in a personal and innovative manner.
James J. Tedesco, III

James J. Tedesco, III is currently serving his third term as Bergen County Executive – only the second person in history of county government to be elected to the role three times. Since taking office in 2015, County Executive Tedesco has focused on improving quality of life and services for county residents while also creating greater efficiency and effectiveness throughout county government. Under his leadership, Tedesco’s administration restored $6.5 million in education funding and has continued to expand the County’s investments in education initiatives at Bergen Community College and the County’s Technical and Special Services School Districts eight years in a row. He has also spearheaded initiatives to expand shared services, revitalized the 4th largest public hospital in the nation – Bergen New Bridge Medical Center, increased services and support for U.S. military veterans and their families, and preserved and expanded the nearly 10,000 acres of open space and recreational facilities within our Bergen County Parks System for the enjoyment of passive and active enthusiasts alike as outlined in the 2019 Parks Master Plan.

Under Tedesco’s leadership, Bergen County has been recognized by the U.S. Department of Housing and Urban Development (HUD) as the first county in New Jersey to end homelessness among veterans. Tedesco is a major advocate for the Stigma-Free Initiative and has increased funding for mental health services at the County level. His administration was instrumental in orchestrating the County’s response to the COVID-19 pandemic, leading efforts on testing, vaccinations, and economic recovery by providing over $55 million to small businesses impacted, all while maintaining the County’s Aaa Moody’s Bond rating. He will continue his work in his third term by bringing workforce housing to the County seat and by tackling the Route 17 Bottleneck with a State grant of nearly a million dollars for a study to bring it to fruition. These are just some of the many projects he will passionately and tirelessly work on.

A volunteer firefighter for over 46 years, Tedesco previously served as both Fire Chief and Mayor of Paramus and it is this call to serve that embodies his civic duties.

Tedesco is the father to three adult children, Koren, James J. Tedesco IV, and Holly, and the proud grandfather to six grandchildren.
The Board of Commissioners is the County’s legislative body, giving advice and consent to the actions of the County Executive. The board provides a check on the executive’s powers and acts as a formulator of policy.

The Hackensack Campus is home to the Bergen County Academies (BCA), which is ranked 2nd within New Jersey and 53rd nationwide among public high schools. BCA offers seven public magnet high school programs geared toward hands-on, project-based learning. Secondary programs also include the Bergen County Technical High School in Teterboro, the Bergen County Vocational/Technical High School in Paramus, and the Technical Education Centers at both campuses. Bergen County Academies and Bergen County Technical High School have both been named Blue Ribbon Schools by the U.S. Department of Education. BCTS Adult and Continuing Education Division and Bergen Workforce Center provide education, job skills training, career planning, and job search assistance. Emergency Medical Services serves as the region’s training center for emergency procedures for ambulance, paramedic, and hospital crews.

Bergen County also has the Special Services School District for students with disabilities. Programs for students ranging from pre-elementary to secondary (ages 3-21) are structured around five separate divisions called continuums. These include the Auditory or Communication Skills Continuum, the Autistic Continuum, the Behavioral Skills Continuum, the Life Skills Continuum, and the Pre-School Continuum. Through these groupings, the district serves students with a variety of physical and cognitive disabilities. In addition, there are adult programs, professional support services for students, transition services and other specialized programs that address the needs of the county and local school districts.

BERGEN COUNTY HISTORY

First designated as a judicial district in 1675, Bergen County was established (alongside Essex, Middlesex, and Monmouth) as one of four original New Jersey counties by an act of the Provincial Assembly in 1683. At that time, Bergen County's borders extended into what are now Passaic (formed in 1837) and Hudson (formed in 1840) Counties. Today, Bergen County is a 233-square-mile parcel of land in the northeast corner of the state, with a population of 954,398 people.

Hackensack, which takes its name from a Lenni Lenape word believed to mean "stony ground," was designated as the County Seat in 1710. The oldest records of county governance are May 19, 1715, and describe a meeting of the Bergen County Board of Freeholders and Justices that resulted in the decision to construct a building housing both the County Court House and County Jail, which would rise on Hackensack's Historic Green the following year.

Bergen County observed the 300th anniversary of its founding on March 7, 1983. In celebration of the County's tri-centennial, a new seal of Bergen County was created. While retaining many elements as the old seal which had been used since 1910, the new seal more authentically represented the County's history. In 1984, the county voters elected members of the Bergen County Charter Study Commission, which was tasked with evaluating the County's nine-member Freeholder form of government. The commission recommended that voters approve a change to the County Charter to establish a County Executive-led form of government while reducing the number of Freeholders from nine to seven.

In 1985, voters approved the commission's recommended changes to the County Charter and established the position of County Executive. Since the position was established, five individuals have served as Bergen County Executive - the first, William D. McDowell, was elected to a four-year term in November 1986. The seven members of the Board of Commissioners are elected at-large for staggered three-year terms. Excluding special elections or appointments to unexpired terms, all county officials take office January 1st in the year following their elections. In 2020, the Governor of New Jersey signed legislation requiring the title “Chosen Freeholder” to be changed to “County Commissioner.”
