

EXECUTIVE ORDER NO. 146

WHEREAS, in light of the dangers posed by Coronavirus disease 2019 ("COVID-19"), I issued Executive Order No. 103 on March 9, 2020, the facts and circumstances of which are adopted by reference herein, which declared both a Public Health Emergency and State of Emergency; and

WHEREAS, through Executive Order Nos. 119 and 138 (2020), issued on April 7, 2020, and May 6, 2020, respectively, the facts and circumstances of which are adopted by reference herein, I declared that the COVID-19 Public Health Emergency continued to exist and declared that all Executive Orders and Administrative Orders adopted in whole or in part in response to the COVID-19 Public Health Emergency remained in full force and effect; and

WHEREAS, in accordance with N.J.S.A. App. A:9-34 and -51, I reserve the right to utilize and employ all available resources of State government to protect against the emergency created by COVID-19; and

WHEREAS, as COVID-19 continued to spread across New Jersey and an increasing number of individuals required medical care or hospitalization, I issued a series of Executive Orders pursuant to my authority under the New Jersey Civilian Defense and Disaster Control Act and the Emergency Health Powers Act, to protect the public health, safety, and welfare against the emergency created by COVID-19, including Executive Order Nos. 104-133, Nos. 135-138, and Nos. 140-145 (2020), the facts and circumstances of which are all adopted by reference herein; and

WHEREAS, among these actions, and in recognition that the Centers for Disease Control and Prevention ("CDC") has advised that social mitigation strategies for combatting COVID-19 require

every effort to reduce the rate of community spread of the disease and that COVID-19 spreads most frequently through person-to-person contact when individuals are within six feet or less of one another, I issued Executive Order No. 107 (2020) to order steps to mitigate community spread of COVID-19; and

WHEREAS, to further limit community spread from person-to-person contact through use of social mitigation measures, Executive Order No. 107 (2020) required, with limited exceptions, New Jersey residents to remain in their place of residence, cancelled all gatherings, and closed all recreational and entertainment businesses; and

WHEREAS, the CDC has recommended certain cleaning and disinfecting procedures for businesses to reduce potential spread of COVID-19 to staff and members of the public; and

WHEREAS, on April 8, 2020, and April 11, 2020, I issued Executive Order Nos. 122 and 125 (2020), respectively, which imposed additional mitigation requirements on essential businesses and transportation carriers to ensure that they are following CDC and other public health guidelines regarding social distancing, cleaning, sanitizing, and hygiene practices; and

WHEREAS, due to increased public interaction and gatherings at county and State parks throughout the State, I issued Executive Order No. 118 (2020) on April 7, 2020, which closed State Parks and Forests, as well as county parks, to the public in order to further social distancing requirements; and

WHEREAS, as the rate of reported new cases of COVID-19 in New Jersey decreases, including a reduction in the total number of individuals being admitted to hospitals for COVID-19, the State

can begin to take certain steps to lift certain restrictions that were designed to limit person-to-person contact; and

WHEREAS, even as the rate of reported new cases of COVID-19 decreases, the ongoing risks presented by COVID-19 mean that a considerable number of the State's current measures must remain in place, both to reduce additional new infections and to save lives, until additional metrics - such as expanded testing and use of contact tracing - have been satisfied; and

WHEREAS, the CDC has issued guidance for visiting parks and recreational facilities, recognizing that outdoor recreation provides people a vital way to keep the mind and body healthy; and

WHEREAS, on April 29, 2020, I issued Executive Order No. 133 (2020), superseding Executive Order No. 118 (2020), which reopened State Parks and Forests and provided counties the discretion to reopen their parks; and

WHEREAS, Executive Order No. 133 (2020) imposed certain mitigation requirements to be followed at State Parks and Forests, as well as county and municipal parks, to ensure that visitors follow CDC and other public health guidelines regarding social distancing, cleaning, sanitizing, and hygiene practices while visiting parks; and

WHEREAS, Executive Order No. 143 (2020) allowed for all public and private beaches, boardwalks, lakes, and lakeshores in the State to open to the public as long as they are maintained consistent with a series of social distancing restrictions, including rules that ensure visitors follow CDC and other public health guidelines regarding social distancing, cleaning, sanitizing, and hygiene practices while visiting such spaces; and

WHEREAS, charter fishing services and for-hire vessel activities provide an opportunity for the public to access the State's natural resources and waterways in a manner not otherwise available; and

WHEREAS, the charter fishing and for-hire vessel industry is generally composed of two different types of vessels, private charter boats and larger vessels typically referred to as "head boats" that require a Coast Guard inspection and are generally larger than 50 feet in length; and

WHEREAS, watercraft rental services likewise provide popular outdoor recreation opportunities for the public during the summer months; and

WHEREAS, as New Jersey makes continued progress in its fight against COVID-19, it is appropriate to ensure that New Jerseyans can safely enjoy additional outdoor recreation activities, while maintaining reasonable restrictions to help limit the spread and prevent future outbreaks of COVID-19 and protect the health, safety, and welfare of New Jersey residents; and

WHEREAS, as public health experts have observed, even as the State allows outdoor recreation with reasonable restrictions, due to the ongoing risk of community spread of COVID-19, recreation in such outdoor spaces must currently continue to include adherence to the same restrictions on gatherings that apply in any other context; and

WHEREAS, as public health experts have observed, even as the State allows outdoor recreation with reasonable restrictions, due to the ongoing risk of community spread of COVID-19, the extensive interactions that would happen from indoor retail and recreation operations continue to present a significant risk, and so the

restrictions on in-store operations for retail businesses and indoor operations for recreational and entertainment businesses cannot be lifted at this time; and

WHEREAS, the Constitution and statutes of the State of New Jersey, particularly the provisions of N.J.S.A. 26:13-1 et seq., N.J.S.A. App. A: 9-33 et seq., N.J.S.A. 38A:3-6.1, and N.J.S.A. 38A:2-4 and all amendments and supplements thereto, confer upon the Governor of the State of New Jersey certain emergency powers, which I have invoked;

NOW, THEREFORE, I, PHILIP D. MURPHY, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:

For the businesses subject to this paragraph, such policies shall also include protocols for cleaning and disinfecting equipment that is rented, in accordance with CDC and DOH guidelines.
